Do you work under the aspects of CSR in the below mentioned four segments of action? Do you write a CSR-Report?

## WORKPLACE

My employees are doing well. I know that all along the value creation chain work on the same conditions as my employees and colleagues. Thereby I observe, for. e.g. **human rights, minimum wages, no child labour or forced labour, health and safety at work.**

- yes
- partly
- no

### Example

CSR: Health management  
Benefit: Employee retention  
Cost: adjustable desks  
Saving: decreasing sick days

## MARKET (ECONOMY)

Time is money. Valuing this, I comply with for e.g. **Competition Law, Antitrust Law, Product Safety, Values, Ethics and Compliance, Consumer Affairs Reporting Obligation, Transparency (Supply Chain), Fair Operating and Business Practices.**

- yes
- partly
- no

### Example

CSR: Transparency in supply chain  
Benefit: Trust of customers/suppliers  
Cost: Visit supplier personally  
Saving: Security in sales & P/L forecast

## ENVIRONMENT (ECOLOGY)

In my value creation chain, environmental concerns are not neglected. I secure the long-term existence of my company and future societies with measures regarding **biodiversity and climate protection, as well as with clean energy, optimizing energy und saving resources.**

- yes
- partly
- no

### Example

CSR: Optimize energy / reduce CO2  
Benefit: Climate change & Individualisation  
Cost: Waste heat recovery system  
Saving: Customer retention/sales fc security

In the implementation of the corporate strategy, CSR combines the compulsory elements with the voluntary elements into an overall strategy. Order me as your partner in CSR management.

## COMMUNITY (SOCIETY)

I actively contribute to society within the scope of my core business. Of course, it is still possible, that I am socially committed to activities not part of my core business and therefore outside the scope of CSR. **For e.g. Integration and development of the community (regional), company volunteering activities, employee activities or donations.**

- yes
- partly
- no

### Example

CSR: Corporate Citizenship  
Benefit: Customer identifies with company  
Cost: Painter company renews youth house  
Saving: customer recommendation/+sales

If your answer is „partly“ or „no“, allow me to support you as your **external Office for CSR-Management** (Corporate Sustainable Responsibility) in the **Implementation of your CSR-Strategy into the Company Strategy.**
